THE WALLINGTON WEEK

MESSAGE FROM THE HEAD TEACHER

We have finally reached the end of another very busy and productive term. This morning in assembly we had the opportunity to look back over this term and reflect on all of the various events and successes that students have enjoyed over this term. It was also an opportunity to thank our outgoing Senior Prefect team and Head girls, Winnie and Simran, for all of the work they have done for the school and the students during their term of office. They were then able to speak to the students confirming how much they have enjoyed their roles as well as passing on some of the wisdom of their experiences as they reach the end of their time at Wallington.

It has been a busy week for events. On Tuesday of this week we held our Easter Concert for the first time in three years. The audience were treated to an impressive and diverse set of performances from our students on what proved to be a great evening. Thank you to Mrs Ngobi, our Director of Music and to all of the performers that took part.

On Wednesday and Thursday, we held our Gym and Dance display which is always a highly entertaining and well attended event. This year was no exception with the standard of displays being incredibly high, giving every member of Year 7 the chance to perform alongside our most talented gymnasts and dancers. It was a thoroughly enjoyable evening and audiences were left wowed by all of the performances. Well done to all involved and thank you to Mrs Collins (Director of PE, Art Music) and the PE department for organising.

Also this week, the Senior Prefect Team have been fundraising with the school and have managed to raise over £1500 for the charity Unicef.

Finally, we say farewell to two members of staff at the end of this term. Firstly Mr P. Gatty (Teacher of Theology and Philosophy) who has been covering for a maternity leave and secondly Mrs A. Scollard, Headteacher's PA, who is retiring after 32 years of loyal service and who will be sorely missed by everyone here.

That just leaves me to wish everyone a very happy Easter and a very restful two-week break.

THE WALLINGTON WEEK

SPRING CONCERT TUESDAY 29TH MARCH 2022

On Tuesday 29th March, WHSG held its first Spring Concert under the directorship of our new Head of Music Mrs Ngobi. Composed of a wide range of diverse, passionate, and skilful performances, the evening was a great success. All involved rightly deserved the rounds and rounds of applause from the appreciate audience. A wonderful evening.

MR DONNELLY

The Spring Concert was very fun and enjoyable to take part in. The other performances were very interesting to watch. I will definitely take part in the next concert.

AARABI, YEAR 9 (INDIAN ENSEMBLE)

The variety of music and the number of people participating in the choirs was amazing. I didn't know that we had a Jazz Band and the pieces they played were so lively! It was so fun to be a part of and everyone did so well. For sure I will be coming to the next concert.

JAGHANA, YEAR 8 (CHAMBER CHOIR)

THE WALLINGTON WEEK

YEAR 9 PSHCE ASSEMBLY WEDNESDAY 23RD MARCH 2022

On Wednesday 23rd March, former Wallington Girls student, Roxanne Starr came in to lead a Year 9 PSHCE assembly on loss and bereavement. She bravely shared her story and experiences to give everyone a better understanding and awareness on this challenging topic.

During her assembly, Roxanne showed great courage in talking about such a sensitive topic and we appreciate her educating us in what to do and not to do as many would have struggled. Before the assembly we were unsure on how to comfort our friends when grieving but now we feel more aware, which is good. Grief is a process which everyone will go through, and we are glad to be more informed on the topic.

LOLA AND ABI - YEAR 9

INTERMEDIATE MATHEMATICAL CHALLENGE

This term some students from years 9, 10 and 11 took part in the Intermediate Mathematical Challenge. This is a multiple-choice test that is sat by students across the UK. It encourages mathematical reasoning, precision of thought, and fluency in using basic mathematical techniques to solve interesting problems. The problems are challenging and designed to make even the most able students think!

The competition was tough this year and the thresholds for certificates were 81+ for Gold, 65+ for Silver and 50+ for Bronze. A score of 81+ meant a student from Year 10 or 11 would qualify to sit the Pink Kangaroo and a score of 65+ meant a student from Year 9 would qualify to sit the Grey Kangaroo. For Year 11 a score of 117+ qualifies for the Maclaurin Olympiad, for Year 10 a score of 111+ qualifies for the Hamilton Olympiad and for Year 9 a score of 101+ qualifies for the Cayley Olympiad.

It is a great achievement to have been awarded a certificate and we would like to congratulate and celebrate the success of the following students:

Year 11

THE WALLINGTON WEEK

ENRICHMENT UPDATE

To end our spring term on a high, we have started the process of launching our Summer enrichment week and confirming the activities for this much anticipated week.

On the last of day of term, we have launched the year 7 programme so please do look out for the exciting information in your email box.

**Year 7 Itinerary for the summer Enrichment is:
Visit to London Zoo to undertake an English led day on
Animal based poetry and creative writing.**

2 days of Outdoor Activities and overnight stay at a scout camp .

We will be launching all the other years activities on return from the break.

YEAR 12 GEOGRAPHY RESIDENTIAL FIELDTRIP

For students undertaking the A Level Geography, you should have received the exciting news of the launch of your compulsory residential field trip that fulfils required elements of your curriculum.

From the 26th to the 30th Sept, students will be travelling down to Dorset to undertake a whole host of practical, hands on activities.

Please ensure that consent and the deposit payment are made as soon as possible to allow your child to attend the compulsory visit.

YEAR 10 GEOGRAPHY

GCSE Geography students have also got the opportunity to undertake the first of their practical, hands on field trips on 6th May 2022.

Following on from the recent River curriculum topic, students will experience a full day field trip to Kent to follow the path of the River Darent; seeing the changes the river undergoes on its route from it's source.

Please provide consent and make the small payment, to cover the cost of the coaches, by the deadline of 22nd April 2022.

YEAR 8 ROBOTICS CLUB

Robotics club have been given the opportunity to attend the Robotics Challenge at Kingston University on the 29th April 2022.

The visit involved a whole day spent at Kingston University, in competition with other schools, to build Lego robots to response to environmentally themed hands-on engineering challenges. Putting computer science, maths and physics knowledge into practice whilst learning more about careers in engineering.

All those that participate in the Robotics club should have received the relevant information. **Please ensure to provide any parental consents as soon as possible.**

YEAR 12 ENGINEERING VISIT TO IMPERIAL COLLEGE

Some year 12 students undertaking the Engineering Elective will have been invited to attend the Inspire Engineers event at Imperial College on the 21st April 2022. Students will receive the relevant information shortly.

Please ensure parental consent is provided via Parent Pay by the deadline of the 4th April 2022.

Drama GCSE and A Level visit to see Small Island at the National Theatre.

All Year 10 to 13 students undertaking drama GCSE and A Level have been given the opportunity to see their compulsory text Small Island performed live at the National Theatre in the evening either the 25th or 28th April 2022.

Please ensure that permissions and payments are received by the 4th April 2022 as we will only be purchasing tickets for those students we have received payments for.

THE WALLINGTON WEEK

PARALLEL ONLINE MATHS CLUB

Students from Year 7 to Year 11 have chosen to take part in an online Maths Club. It involves learning new skills and solving problems each week with fun activities and videos to watch. We have been really impressed with the number of students who have taken part during the Spring term and the effort they have made answering the questions. Students who have taken part have been awarded house-points for their excellent efforts (please see below). The number of house-points given reflects the number of weeks the student has taken part in the challenges set by Parallel.

Year 7

2 House Points

Iasna (7Pan) and Mira (7Sea)

Year 8

1 House Point

Holly (8Bro) and Ashwika (8Sea)

2 House Points

Piyasha (8Sha)

4 House Points

Onyema (8Sea)

5 House Points

Megan (8Sea)

Year 9

1 House Points

Karima (9Bro)

Year 10

2 House Points

Diya (10Bro)

4 House Points

Janushya (10Ath)

5 House Points

Julia (10Bro)

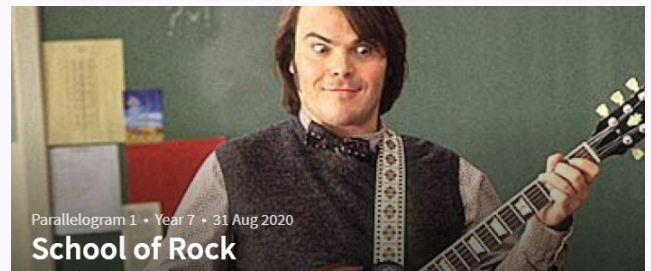

Congratulations to everyone who has taken part – we hope you continue to enjoy the resources. It's not too late to join in – see the advert below

MATHEMATICAL ENRICHMENT OPPORTUNITY FOR STUDENTS IN YEARS 7 TO 11

Dear Students,

The author, Simon Singh, who has written books including “Fermat’s Last Theorem” and “The Simpsons and Their Mathematical Secrets” has set up a website offering weekly online maths puzzle sheets to stretch the keenest maths students. There are five new sheets each week, one each for Year 7 through to Year 11. They are made fun by including great videos, songs and clips from famous films.

The problems are called Parallelograms – a portmanteau word combining parallel and telegram – they are messages sent each week by the Parallel Project to bright young mathematicians.

Puzzles are posted on Thursday’s at 3pm and you are advised to submit your solutions by Sunday evening. It’s a great way to develop your problem skills, enrich your maths knowledge and hopefully have fun. It really doesn’t matter what score you get, because the main thing is that you think hard about the problems and then look at the solution sheet to see where you went wrong, and then next time you’ll know what to do.

If you would like to join in, here’s what to do:

- Go to the website <https://parallel.org.uk/>
- Create a student account, entering the teacher code n33uc4 when prompted
- Make sure you select your Year group when creating an account
- You will be emailed a link to the new Parallelogram each Thursday at 3pm – if you don’t receive the email you should be able to find it by logging in.
- You should try and complete your solutions by Sunday evening but you can submit later and try the earlier questions if you like.

I think this is a great opportunity and hope that it is something that will be really fun to try.

Any questions please contact me!
