

Advice for parents

You have been asked to collect your child from school as they are unwell. The school is unable to determine if the symptoms shown are related to Coronavirus.

- Please take your child home immediately and monitor the symptoms. The symptoms of Coronavirus are as below:

- You should clarify if your child has coronavirus by getting a test done. If your child has a test for Coronavirus please inform the school. To find out how to get a test go to: <https://www.nhs.uk/conditions/coronavirus-covid-19/testing-and-tracing/get-a-test-to-check-if-you-have-coronavirus/>
- Use the attendance@wallingtongirls.org.uk email address to inform Mrs Andrews daily that your daughter is absent from school in the usual way while you are waiting for results of the test.
- Please **do not send your child to school until you have the results of the test. You must email the results of the test taken (whether negative or positive) to attendance@wallingtongirls.org.uk. Do not send your daughter back in to school unless you have received an email from Attendance in return stating this negative /positive test result has been received.**
- If there is a sibling at the school please ask this person to self isolate until the test result has been received.
- If your child is well enough to work in this period of self isolation please inform Mrs Andrews at attendance@wallingtongirls.org.uk and the school will make arrangements for remote learning to take place.

Please do read the Parent Information Booklet sent out by the Headteacher Mr Booth in August for a more detailed outline of how to prevent the spread of the virus. In particular the section called: '**Coronavirus related absences quick reference guide**'

If you have any further concerns please contact the school the info@wallingtongirls.org.uk

Mrs M German
Assistant Headteacher
