

# Wallington High School for Girls

## Reviews of marking – centre-assessed marks

(GCSE controlled assessments, GCE coursework,  
GCE and GCSE non-examination assessments and Project qualifications)

**Wallington High School for Girls** is committed to ensuring that all centre-assessed work is marked fairly, consistently and in accordance with the awarding body's specification and subject-specific guidance.

Candidates' work will be marked by staff who have appropriate knowledge, understanding and skill, and who have been trained in this activity. The school is committed to ensuring that work produced by candidates is authenticated in line with the requirements of the awarding body. Where more than one assessor is involved, internal moderation and standardisation will ensure consistency of marking.

On being informed of their centre assessed marks, if a candidate believes that the above procedures were not followed in relation to the marking of their work, or that the assessor has not properly applied the marking standards, then they may make use of the appeals procedure below to consider whether to request a review of the centre's marking.

**WHSG** will ensure that candidates are informed of their centre assessed marks in sufficient time to allow a review to take place before marks are submitted to the awarding body.

**WHSG** will inform candidates that they may request copies of relevant materials (generally as a minimum, a copy of their marked assessment material and the mark scheme or assessment criteria plus additional materials which may vary from subject to subject) to assist them in considering whether to request a review of the centre's marking of the assessment.

**WHSG** will inform candidates they will not be allowed access to original assessment material unless supervised.

**WHSG** will, on receipt of a request for copies of materials, promptly make them available to the candidate.

**WHSG** will publish a clear deadline for candidates to request a review of the centre's marking. Requests **must** be made in writing using the Review of Internally Marked Assessment Request Form, available from the Exams Office. Requests will not be accepted after this deadline.

The review will be conducted by an assessor who has appropriate competence, has had no previous involvement in the assessment of that candidate and has no personal interest in the review.

The reviewer will consider whether the original mark is consistent with the standard applied across the centre.

The outcome of the review will be communicated to the candidate in writing. The Head of Centre will be informed and a written record of the review will be retained. Where any irregularity in procedures is identified, the awarding body will be informed immediately.

If a candidate remains dissatisfied following the outcome of the internal review, they may escalate the matter in accordance with the centre's formal complaints procedure.

The moderation process carried out by the awarding bodies may result in a mark change, either upwards or downwards, even after an internal review. The internal review process is in place to ensure consistency of marking within the centre, whereas moderation by the awarding body ensures that centre marking is line with national standards. The mark submitted to the awarding body is subject to change and should therefore be considered provisional.
